* Description *

The Information Society multiconference deals with information technologies, which are of major importance for the development of Europe. IS 2015 will serve as a forum for the world-wide and national community to explore further research directions, business opportunities and governmental policies. For these reasons we host a scientific meeting in the form of a multiconference, which will consist of several independent conferences with themes essential for the development of the information society. The main objective is the exchange of ideas and developing visions for the future of information society. IS 2015 is a high-quality multidisciplinary conference covering major recent scientific achievements.

*** Submission and dates ***

Submitted papers must be original and not currently under review by another conference or journal. They should be within the multiconference topics and preferably not too technical.

The papers can be in English or in Slovene, depending on the conference, and should be up to four pages long in most cases. An example paper can be downloaded here: http://is.ijs.si/slovenian/paper_submission.html.

*** Registration ***

At least one author of each paper should register to the conference. Registration shall be made not later than 28th September 2015 here: http://is.ijs.si/is/is2012/prijava_eng.asp?lang=eng.

Registration fee: 100 EUR / 50 EUR for students.

Education in Information Society is free of charge, but the participants do not receive the complete conference materials. Registration fee after 28th September 2015 (including on site at the reception desk) is 20% higher.

The regular registration fee includes electronic proceedings on a USB flash drive and a gift. Student fee includes electronic proceedings on a smaller USB flash drive and a small gift. Both types of registration fee include refreshments during breaks and other social activities. Visitors have free entry to all conferences.
