JCF Frankfurt am Main awards Travel Grants to young scientist from Eastern Europe

On the occasion of the 3rd EuCheMS Chemistry Congress the JungChemikerForum Frankfurt am Main (part of the German Chemical Society) awards **10 travel grants** each worth **250 Euro** to young scientist from Eastern Europe in order to strengthen and advance the "European Young Chemists Network" (EYCN). Moreover, the scientific exchange with Eastern European young chemists shall be promoted to further expand the existing network.

Eligible to apply are Master or PhD students from Eastern Europe. Following requirements are to be fulfilled: - You study chemistry or a chemistry related degree program in Eastern Europe^[1]
- You actively participate in the conference (poster or oral presentation).

Your application has to include: - CV
- Confirmation of registration for the 3rd EuCheMS Chemistry Congress
- Confirmation of oral or poster presentation

Deadline for applications: 31st of July, 2010

Please hand in your applications or further requests (English only) via email (pdf preferred; 5 MB max.) to:

euchems2010@jcf-ffm.de

A committee of the JCF Ffm and its alumni will choose the 10 participants at the beginning of August 2010.

As a special service, this text is also available in German, Hungarian, Polish, Russian, Bosnian, Croatian and Serbian.
