

[Chemosensors IF: 4.229] Call for Abstract: 2nd E-Conference on Chemical Sensors and Analytical Chemistry

Dear colleague,

The year 2023 marks the 10th anniversary of *Chemosensors*; we are pleased to announce that the 2nd International Electronic Conference on Chemical Sensors and Analytical Chemistry (CSAC2023) will be held on 16-30 September 2023. CSAC aims to promote and advance the exciting and rapidly changing field of Chemosensors (ISSN 2227-9040, IF: 4.229). All proceedings will be published online at <https://sciforum.net/conference/CSAC2023> and in the Chemistry Proceedings journal (<https://www.mdpi.com/journal/chemproc>) (ISSN 2673-4583) for free.

Topics of interest include but are not limited to the following:

- Electrochemical devices and sensors;
- Optical chemical sensors;
- Mass-sensitive sensors;
- Materials for chemical sensing;
- Nano- and micro-technologies for sensing;
- Chemical assays and validation;
- Chemical sensor applications;
- Analytical methods and analytical instrumentation;
- Gas sensors and apparatus;
- Electronic noses and electronic tongues;
- Microfluidic devices;
- Lab-on-a-chip;
- Single-molecule sensing;
- Nanosensors;
- Medico-diagnostic testing;
- Fluorescence imaging.

CSAC is a virtual conference sponsored by Chemosensors. Participation is free of charge for authors and attendees. Accepted papers will be collected in the proceedings of the conference.

There will a great line-up of scientists giving speeches at the conference:

Prof. Dr. Xueji Zhang, Shenzhen University, China;

Prof. Dr. Corrado Di Natale, University of Rome Via del Politecnico 1, Italy;

Prof. Dr. Giorgio Sberveglieri, University of Brescia, Italy;

Prof. Dr. Ling Zang, University of Utah, USA;

Prof. Dr. Young-Tae Chang, POSTECH, South Korea;

Prof. Dr. Jorge Pérez-Juste, Universidade de Vigo, Spain;

Professor Neso Sojic, Université de Bordeaux, France;

Prof. Dr. Arunas Ramanavicius, Vilnius University, Lithuania;

Dr. Alain Walcarius, CNRS – Université de Lorraine, France.

Abstracts (in English) should be submitted before 10 May 2023 online at <http://www.sciforum.net/login>. For accepted abstracts, the proceedings paper can be submitted by 30 June 2023. The conference will be held on 16–30 September 2023.

Paper Submission Guidelines: For information on the procedure for submission, peer review, revision, and acceptance of conference proceedings papers, please refer to the section 'Instructions for Authors': <https://sciforum.net/conference/CSAC2023>.

Timelines (CET):

Deadline for Abstract Submission: 10/05/2023

Notification of Acceptance: 30/05/2023

Deadline for Full Paper Submission: 30/06/2023

Conference Open: 16/09/2023

Moreover, we partnered with the journal's editor-in-chief and editorial board to create several Anniversary Special Issues, you can see them from:

<https://www.mdpi.com/journal/chemosensors/anniversary>

If you are interested in contributing, you can contact Shirley, the managing editor of Chemosensors (shirley.yun@mdpi.com) to apply for a discount.

We look forward to receiving your research papers and to welcoming you to the 2nd International Electronic Conference on Chemical Sensors and Analytical Chemistry (CSAC2023).

Please do not hesitate to contact us if you have any questions.

Kind regards
