

CTGCT

Day 2026

ADVANCES IN CELL, TISSUE, AND GENE THERAPIES

 **11 November 2026**  **Ljubljana, Slovenia**

CTGCT Day 2026 invites researchers, clinicians, biotechnology professionals, and regulatory experts to submit original research abstracts for presentation and attend the conference.

The meeting will bring together leaders from academia, clinical research, industry, and regulatory bodies to discuss recent scientific advances and translational developments in cell, tissue, and gene therapies.

Abstract submission is open until the 15th of September 2026. Abstracts must be submitted through [this link](#).

Registration is free of charge but the number of seats is limited. Register using [this link](#).

Topics

- Gene Therapy
- Cell Therapy
- Emerging ATMPs in clinical development
- Manufacturing and Translation
- Regulatory and Ethical Aspects
